Description

Monopolar and bipolar working elements and electrodes for transurethral resection of neoplasms of the bladder and lower urinary tract.

NO.	Name	Characteristics
LO0001R	Cutting loop, angled	Diameter 4 mm, length 282 mm
LO0002R	Roller electrode	Diameter 4 mm, length 282 mm
LO0003R	Vaporizing cutting electrode	Diameter 4 mm, length 282 mm
LO0004R	Needle electrode	Diameter 4 mm, length 282 mm
LO0005R	Cutting loop for tumor removal	Diameter 4 mm, length 282 mm
LO0006R	Cutting loop, angled	Diameter 4 mm, length 281 mm
LO0007R	Roller electrode	Diameter 4 mm, length 287 mm
LO0008R	Vaporizing cutting electrode	Diameter 4 mm, length 282 mm
LO0009R	Needle electrode	Diameter 4 mm, length 282 mm
